Professional Summary

AI & Data Science leader driving **digital and AI transformation** across consulting, fashion/luxury, travel and media. Proven track record building and **leading analytics and data science teams**, delivering AI data products in **pricing, personalization, and marketing** that measurably improve revenue, margin, and conversion. Combines deep technical expertise, **hands-on implementation** of production-grade AI/ML systems and business strategy to scale solutions from **prototype to enterprise adoption**.

Selected achievements

- Built and scaled analytics & **data science teams up to 15 FTE**, hiring talent and defining the operating model across business and tech
- Directed the **digital transformation** of Prada's **e-commerce platform**, launching in 20 countries in 6 months and **delivering €200M+** incremental revenue in year one
- Delivered **+15% revenue and +10% gross margin** through **dynamic pricing and promotion/markdown optimization** engines for travel and fashion/luxury players
- Developed and scaled AI-driven personalization and uplift-based **marketing campaigns optimization increasing conversions by up to +50%**
- Drove enterprise-wide **self-service BI and reporting transformation** initiatives through global dashboard rollouts

Professional Experience

Boston Consulting Group, 2022 - Present

Principal

- Drove enterprise AI transformation programs, **embedding advanced ML into core processes and scaling** data-driven decision-making across marketing, sales, and pricing.
- Partnered with clients to **recruit and build data science teams** and define the target operating model across business and technology.
- Defined **AI roadmaps and use-case portfolios**, prioritizing initiatives by feasibility, value at stake, and operational readiness.

- Delivered a portfolio of AI use cases across travel, retail, and fashion/luxury, spanning **dynamic pricing, promo/markdown optimization, and personalization/campaign optimization**.

Prada Group, 2017 - 2022

Analytics and Data Science Director

- Built and scaled the analytics and data science team from 0 to 15 professionals, **hiring talent and defining the team operating model**.
- Delivered 20+ ML solutions on Databricks across pricing, CRM, marketing, and supply chain, including **sales forecasting** (assortment & inventory planning), revenue management (pricing recommendations), and **recommendation engines** for direct marketing and e-commerce.
- **Built the enterprise data lake**, integrating 10+ enterprise systems (inventory, CRM, e-commerce, marketing) to enable near real-time analytics and data-driven decision-making.
- Scaled a company-wide **data democratization program**, rolling out self-service dashboards and onboarding 100+ users across countries, business units, and functions.

e-Commerce Digital Transformation

- Directed the **global rollout of Prada's new e-commerce platform**, coordinating IT, logistics, legal, merchandising, and operations.
- **Launched the platform across 20 countries**, modernizing global digital infrastructure and enabling new scalable e-commerce operations and processes.
- Led the **China e-commerce launch end-to-end**, overseeing go-live readiness and **defining the operating model** for a dedicated client service team to handle customer support.

Mediaset, 2010 - 2017

Head of Analytics and interim BU Manager

- Built and led a 10-person analytics team, delivering AI use cases including **content recommendations, churn prediction, and customer segmentation**.
- Served as interim Business Unit Manager for Infinity (video streaming), owning a **€15M revenue P&L and leading a 20-person cross-functional team**.
- Drove data-driven initiatives to improve **customer retention and acquisition** via targeted marketing campaigns.

Strategy Manager

- Provided **strategic planning and market analysis** to the Mediaset Premium Managing Director, informing key commercial and portfolio decisions.
- **Led end-to-end execution of strategic initiatives** (e.g., €5M+ capex), from business case development and market validation through project delivery and implementation.

Accenture, 2005 - 2008

Consultant

- Delivered **churn prediction models and managed CRM QA/data teams** (30+ FTE) for major telecom clients (Telecom Italia, H3G).
- **Led Project Management Office** for the launch of Mobile TV services for VimpelCom (i.e. Russian telco provider), coordinating cross-country delivery teams.

Education

- SDA Bocconi, **Master of Business Administration**
- Università di Padova, Master of Science in **Computer Engineering**

Core Skills

- **AI/ML**: Machine Learning, Predictive Modeling, GenAI/LLM, Forecasting, Recommender systems, pricing optimization
- **Leadership**: Data Science Leadership, Stakeholder Management
- **Strategy/Product**: AI Strategy, Digital Transformation
- **MLOps**: Feature Store, Model Monitoring, Model Registry, MLflow
- **Experimentation**: A/B Testing, Causal Inference
- **Data/Cloud**: Azure/AWS/GCP, Databricks, Data Governance
- **Tools**: Python, Spark, SQL, R, Power BI, Tableau

Languages

Italian (Native), English (Fluent)
